## **Update on Medical Marijuana Database**

**OLYMPIA** – We have made significant progress over the past few days; however, there are a few challenges we have to overcome before the system goes live.

Our goal is to have the medical marijuana database operational on July 1 so patients can benefit under the new [medical marijuana law](#).

Patient safety is a priority, and we want to ensure the database is properly working before it is available statewide.

See initial [news release](#) on the medical marijuana database.

The department's [website](#) is your source for a *healthy dose of information*. Also, [find us on Facebook](#) and [follow us on Twitter](#).
